

At *Red Bandana Productions* we admire capturing moments in time and creating a lifetime of everlasting memories. We would love to be part of your special day and assist in telling your love story through our lens.

Our equipment

Our equipment is chosen wisely for a beautiful and soft cinematic aesthetic, perfect for your wedding video. Our lenses will provide a short but pin sharp depth of field and out of focus background that will allow you and the small details at your wedding to 'pop'. High quality audio equipment will be used to clearly capture your vows, speeches, and interviews.

Below, you will find our customisable wedding packages:
